Expanding Business Engagement Rolls Out Statewide

The Expanding Business Engagement (EBE) initiative connects businesses to free State and Federal resources to help businesses through different business cycles.

Click on the links below to learn more about the programs and services most helpful for companies in each mode.

[Business scenarios](#): Sampling of Massachusetts companies that have utilized these resources.

[Business Growth or Expansion Mode](#): Even as your company is growing and expanding, we have programs and services to help further enhance your company's growth and bottom line.

[Business Maintenance Mode](#): If you have a small to mid-sized company and do not anticipate changes to your workforce or business in the near future, you may still want to look into programs that could help you stay competitive or enhance your bottom line.

[Business Downsizing Mode](#): Unfortunately, businesses sometimes get caught in a down cycle due to unforeseen circumstances. Programs and services are available to help avert the difficult decision of laying off employees or closing a facility.

The information above was taken from the newly launched EBE website: www.mass.gov/ebe.
