Local Businesses Participate in ‘Skills Gap Survey’... *There’s still time to tell us what you think!*

In response to recent reports from local businesses identifying a number of 'hard to fill' positions and a gap between the skills job seekers possess and the skills required, the Central MA Workforce Investment Board (CMWIB) and its partners (Worcester Regional Chamber of Commerce and the MassMEP) have distributed an online [Skills Gap Survey](#).

Information provided through this survey will help the CMWIB and Workforce Central Career Center better identify specific skill gaps and develop effective strategies in our region to address them.

Businesses/employers: please consider taking this quick, 8-question survey. In addition, feel free to send this survey out through your networks to gather additional information. Everyone who completes the survey will be automatically entered into a drawing of an incentive gift card.

We ask that all surveys be completed by close of business on Wednesday, October 15th.

Thank you—we look forward to your responses.

Jeff Turgeon

CMWIB
