

# How to Become a Project Leader

Completing a successful project takes leadership. Attendees to this seminar will learn effective tools to manage a project, along with the leadership skills to finish a project effectively on time and within budget

## Outcomes:

1. You will review skills in using a set of simple, yet powerful, project management tools designed to keep track successfully of every detail of your project.
2. You will learn essential tactics in people leadership, which were developed specifically for project managers. These tactics will:
  - Enable you to ensure you are selecting the right people for your project team
  - Help you to resolve project team disputes quickly
  - Help you to build accountability to ensure that your assignments project team members are completed on time
3. You will learn top communication tips to help you show the progress of your project, to instantly spot problems, and to powerfully promote successes.
