

Burlingame Parks & Recreation Department
850 Burlingame Avenue

Fall Enrichment 2014

The Burlingame Elementary Enrichment Program has consistently provided a variety of classes for students at all 5 of the Burlingame Elementary Schools. Classes are held at the school sites after school; children may attend classes at schools in which they do not attend during the regular school day. Children who take after school programs over the course of their lifetime consistently improve test scores in school, have better than average social skills, and tend to participate in less mischievous activities. After school enrichment programs have a proven benefit for your children, your family, and the community.

*Thank you for supporting the Burlingame
Elementary Enrichment Program!
Space is limited, register before classes fill.*

Register through the Burlingame Parks & Recreation Department one of the following ways:

Internet registration: Go to www.burlingame.org/rec

In person at the Burlingame Parks & Recreation Center

Please enroll your children in classes early to prevent class cancellations. Thank You.

Please see the activity guide for Department's Credit/Refund Policy

Check out the back page for information on
Elementary sports!

Fall After School Enrichment

Mad Science Presents: Movin' & Groovin' (K-5th)

with Mad Science Staff

Catapult into Newtons three laws of motion! Use toys to learn about potential and kinetic energy! Discover renewable and non-renewable resources for power generation, and build your own optical fiber model! Explore the animal kingdom - then hold your breath as we dive into the ocean to study the animals that live under the sea! Take a look at robots and how they make our lives easier - then build your own robot hand to take home with you!

Jr. Engineering Club (Kindergarten) *with Engineering for Kids*

New and returning students will learn how to apply the engineering design process to solve problems and build exciting machines! We have new projects where students will put their problem solving skills to the test while learning a variety of engineering disciplines such as Aerospace, Environmental, Civil, Chemical, and Mechanical Engineering. We will see who can sail a faster boat, build a house that can withstand the huff and puff of the big bad wolf, create and fly their own hot air balloon and more.

Electronic Game Design-Pong Games (2nd-5th)

with Engineering for Kids

In this course, students will have the opportunity to create their own video game in this fun and stimulating electronic game design program. This introductory lesson will focus on building the classic pong styled game (electronic ping-pong). The lessons learned throughout this lesson will be strongly tied to all subsequent sessions. Students will take home not only a copy of their game, but also a comprehensive understanding of basic game design that will aid with future game design sessions. Omit 11/27

Young Creators: Video Game Design (2nd-5th)

with Freshi Film Staff

Learn how to create your own virtual worlds and design a unique and interactive video game with Freshi Game Design! Beginning Game Developers work in pairs to conceive, design, and build their own original computer game. Everything created for their game is original to the team-the characters, the action, the background, the music, and the format. Students use creative and critical thinking to complete their games and build teamwork skills working in partners.

Berkeley Chess School (1st-5th) *with Berkeley Chess*

Chess is fun and can be learned quickly and easily! Studies have found that chess students generally outperform non-chess students in test results in reading, science, and math and problem solving. Beyond academics, chess influences social behavior, including self-esteem, respect for others, patience, and good sportsmanship. BCS chess classes are a mixture of active lessons and play/practice. The Berkeley Chess School is a non-profit organization serving nearly 5,000 children in around 100 schools throughout the Bay Area. Omit 10/13

Bay Area Chess (K-5th) *with Bay Area Chess Club*

What do your kids do for mental education? Chess has proven to be an invaluable educational aide and teaches children analytical skills that are applicable to many other intellectual pursuits. Bay Area Chess offers a fun environment to develop mental skills for students at all levels. A typical class consists of instruction followed by a practice game. Students may be divided in groups based on ability and experience so that each student will receive instruction appropriate for his/her skill level. Bay Area Chess is a non-profit company serving the Bay Area since 2005.

Chess Wizards (1st-5th) *with Chess Wizards*

Chess Wizards is one of the largest chess academies in the nation, with hundreds of programs at schools and park districts. Chess Wizards is offering specially designed after school classes that cater to all levels of chess ability. Each child is challenged by fun games and lessons from real Wizard teachers. It is proven that chess enhances cognitive development in children, improves both verbal and mathematical skills, and increases all levels of academic performance! Playing chess stimulates the mind and helps children strength skills such as focusing, visualizing goals, abstract thinking, and forming concrete opinions. Chess Wizards is so successful because of our unique approach. Classes and lessons are based on our original, fun, and high-energy Chess Wizards curriculum. Regardless of a child's ability, we make chess fun for all! Instructors (who are called "Wizards") provide all the materials necessary for your child to participate in the class and no additional purchase is required to attend. Omit: 10/13

Dragonfly Jewelry Designers (1st-5th) with Stacey Gillelen

Create customized, stylish jewelry ready for you and your friends to wear! Become your own jewelry designer, where you can choose from a huge selection of hot colors, textures, and unique beads to make one-of-a-kinds pieces. Our classes are designed not only to be fun, but to let you in on some of the most popular jewelry making techniques, such as wire wrapping, fingerknitting, beautiful beading, wrap bracelets and stamping and dapping! We use only the highest quality findings, fresh water pearls, and Czech glass beads to create one piece of new jewelry per class. Our highly trained and fun instructors create a relaxed, encouraging environment all children will love. At Dragonfly Designs, it is our mission to offer exceptional handmade jewelry and the opportunity to create it, while promoting social justice, personal style, and fun. Omit: 11/11

Fall 2014 Enrichment Guide

Goldilocks and the Three Bears: A Musical (1st-3rd)

with Cathy Foxhoven

This delightful re-telling of the classic "Goldilocks" features Goldilocks entering the Bears home and helping herself to their food, chairs, and beds. Simple, catchy songs tell the story. However, a "Few Students" comically interrupt the show three separate times by mistakenly concluding that they are watching a different story (Little Red Riding Hood, The Three Little Pigs, Cinderella). The cast sets them straight, and the show continues with Goldilocks' story. Omit: 10/10

Location: Franklin

Fall After School Enrichment

Guitar Group (age 6+) with Vibo Music Staff

Learn all the basics for the guitar. This 7-week hourly class is designed for beginners. You will learn posture, fundamental chords, strumming patterns, and well known songs from different genres. Bring your own guitar or contact ViBo to rent a guitar for an additional cost (650-877-0805).

Objectives:

1. How to handle the guitar properly
2. Learn easy chords and how to apply them into songs from different genres
3. Learn several strumming and picking styles
4. Learn scale and chord formations and how to apply to the guitar
5. Learn how to read guitar music and how to interpret sheet music downloaded from the Internet
6. To accompany yourself on guitar in music of your choice using techniques that you learn in class
7. Learn techniques through many styles of music: folk, country, pop...past and present.

Spanish 1 (1st-5th) with Paulina Hidalgo

This introductory Spanish class welcomes 1st-5th graders that have very little Spanish language experience, as well as, those with no experience prior to this class. Students can expect to acquire the 50 most used Spanish words through stories and action. Your child will learn the language through stories and repetition using the TPRS method (teaching proficiency through reading and storytelling). This innovative and engaging teaching technique combines reading and storytelling. By the end of the course your child will be able to read and understand a TPRS Spanish novel. About the instructor: Paulina Hidalgo, a Mexican native, has over 7 years of experience teaching Spanish to both children & adults. Omit: 10/13, 11/27

Club De Libro (Tu 6-8yrs , Wed 9-11 yrs) with Paulina Hidalgo

Bring your child to have a great experience practicing their Spanish. In our Club de Libro, each day is different. Some days we read a book and discuss it reviewing the new vocabulary. Sometimes, together, we make up stories where the main characters are your children. We act, play games, sing, read, and write. The kids feel very comfortable and express freely. We have fun!!! This class is for kids that are comfortable reading and writing in Spanish. About the instructor: Born and raised in Mexico City, Paulina has been teaching Club de Libro for 4 years, majored in Biology in Mexico City, and has over 7 years of experience teaching Spanish to adults and children. Elementary School Age Sports

For all Elementary Sports:

- Registration is taken on first come/first served basis.
- Space is limited, so we highly encourage you to sign up early!-If a school does not have enough participants to fill a team, there is the possibility of adding a combined team from multiple schools to accommodate, if a coach is provided.
- For more detailed information on any of the 3 Elementary Sports visit our website: <https://www.burlingame.org/Index.aspx?page=468>

Flag Football & Volleyball (4th & 5th grade)

The Burlingame Parks & Recreation Dept. is proud to offer another season of flag football and volleyball for 4th & 5th grade students currently enrolled at McKinley, Lincoln, Franklin, Roosevelt, or Washington Schools during the Fall.

Both sports can be 2 to 3 days per week commitments. Practice and game schedules will be finalized after registration is completed. REGISTRATION DEADLINE IS ON: Wednesday, September 10th by 5PM (same days as coaches meeting).

Coaches will notify participants about practice times by Friday, September 12th. Practices will take place after school, beginning the week September 15th. Flag Football games will take place on Tuesday & Thursdays at Ray Park (next to Lincoln School). Volleyball matches will be played at BIS on Fridays.

All participants will be given a t-shirt to wear at all games and is theirs to keep. These programs rely heavily on volunteer coaches to survive, each team will need to provide their own coach(es). If you or someone you know is interested in coaching a team, contact Nicole Rath (650) 558-7300.

Program Date: 9/15-11/4

	Flag Football	Volleyball	Fee	Reg Deadline

Washington	80954.01	80959.01		

Basketball (4th & 5th grade)

The Burlingame Parks & Recreation Dept. is excited to offer another season of elementary basketball for 4th & 5th grade students currently enrolled at McKinley, Lincoln, Franklin, Roosevelt, or Washington Schools during the Fall. Must register for the school you attend.

Basketball is a 2 to 3 days per week commitment. Coaches will notify participants of their regular scheduled practice time after registration is completed: REGISTRATION DEADLINE IS ON: Friday, October 24th by 5PM.

Basketball games are played on Saturdays and some Sundays at BIS and Crocker Middle School. Mandatory pre-season placement games will take place the weekend of November 22nd & 23rd. Regular season games will begin on December 6th.

All participants are given a micro-mesh reversible tank top jersey to wear at all games, the jersey is theirs to keep.

These programs rely heavily on volunteer coaches to survive, each team will need to provide their own coach(es). If you or someone you know is interested in coaching a team, contact Nicole Rath (650) 558-7300. The coaches meeting will be held on 10/30.

Evaluations are the week of 11/3 (only for schools with multiple teams in one grade)
