

ATTEND

INDIVIDUAL REGISTRATION - \$20

Join with others at the York County Green Business Conference to hear about innovative and sustainable techniques, emerging efficient technologies and practices that can keep more money in your pocket, whether you're a business owner or a homeowner.

This conference will provide your business, institution, organization or non-profit with new and innovative ways to go green. Engineers and Architects, earn your CEUs. Breakfast and lunch are provided.

During the optional last session at 1:15, there are three great choices! Take a tour of Winthrop University's LEED Certified West Center or Winthrop's Composting Digester. You can also attend a short workshop to hear about Rock Hill's Technology Incubator at Knowledge Park and how they can help launch your green business.
