Connect } The Desert Cup Showcase is one of the most anticipated soccer showcase events for 2014

**Open  
to all  
Elite  
teams  
u14-u18**

**LIMITED SPACE  
REGISTER NOW**

The Desert Cup Showcase registration is now open for all elite boys' and girls' teams between the ages of 14 through 18. **The USSSA Championship Series** attracts the best teams from Canada and the United States to come together to showcase their talents in front of college coaches.

**This showcase event is partnering with Phoenix FC**, a franchise member of the USL professional soccer division to ensure a quality event will be experienced by all.

The Desert Cup Showcase will be played at the pristine Reach 11 Sports Complex, which boasts 18 full sized fields. The single venue is a big attraction for college coaches, while also easing the burden for team and club coaches by having all of their teams playing at one facility. All teams will play three 80 minute games in a showcase format of one game per day. 150+ college coaches to be in attendance.

**March 28-30, 2014**

Connect } The National Showcase is attracting the best teams in the USA and Canada for 2014

The National Showdown – Part of the **USSSA Championship Series** – will be attracting the best teams from the US and Canada! Rated Sports has drawn the attention of thousands of spectators for over 10 years and attracted over 200 college coaches and scouts to their recent Umbro Showcase. There's no better place to play and be recognized!

The National Showdown will be held on July 11-13, 2014. This is a Class I Tournament; open to USSSA, USYSA, US Club Soccer, Super Y League, and FIFA affiliated teams. Age categories accepted for boys and girls division – U14, U15, U16, U17, U18. The tournament is a nationally recognized premier tournament and showcase.

# Philosophy and Exposure

Each USSSA Championship Showcase will open the event with a 1 day Camp on site located near the tournament headquarters. The camp will be staffed by a technical director and guest coaches from all avenues of the college game (DI, DII, DIII, NAIA, NJCAA).

Players will train and be evaluated on the following areas of their game: technical, tactical, physical, and game play.

Each player will receive an electronic evaluation of their camp by a college coach and this will be posted on the tournament site through a secure log in. The evaluation will be viewed by coaches in attendance at that tournament or any USSSA sanctioned tournament across the country. This will give each player that attends camp exposure to all coaches who register to attend a tournament with a review by a respected colleague.

Registration for the College ID Camp opens November 1.

## **CSTT Hotel Services will be providing complete travel and accommodation**

services to all participating teams and college coaches attending our event. Information regarding hotels will be provided along with online reservation capabilities for individual players on a designated team page.

To insure the quality of service provided at the Desert Cup Showcase and the National Showdown, the Showcase directors have appointed CSTT Sports Management Group as the official Hospitality Service for our event.

All teams are MANDATED to book any hotel reservations online through CSTT Hotel Services to insure their spot in each showcase event. Any team who does not comply will be at risk of forfeiting their acceptance. CSTT offers the best rates for your quality hotel stay.

Teams can begin booking hotel rooms as soon as they receive official confirmation of acceptance to the 2014 Championship Series Showcase.

## **Airfare and Ground Transportation**

We also have Ground, Air and Travel Packages for teams booking group flight

## Ultimate Fundraiser

When college, high school and club soccer teams are planning trips and need to raise thousands of dollars, many turn to the experts at Reaching Our Goal. Why? Because it's a simple modern process that produces real results. It takes just minutes to launch a completely customized national fundraising campaign. There is no selling required and there are no products to handle. Reaching Our Goal literally harnesses the power of technology to do the job of asking for donations so players and their families don't have to.
