

Save Time and Up to 40% on Your Freight Expenses

Aggregation² Generates the Best Results: Timing, Service and Pricing

- Similar approach to Kayak.com taking your flight request and searching 100s of travel sites/networks for best value for your travel
- Cargo Chief sources trucking capacity for you from direct trucking carriers and via aggregation partners (freight sites, load boards, consolidators and brokers)
- With the broadest network, Cargo Chief is best equipped to take advantage of the 28% of trucks that are empty at any point in time to find you space at the best available price
- With our unique approach Cargo Chief can make service when other sources are unable
- Save time when generating a shipment with our industry leading modern user interface
- Quick access to current and historical load information from a few clicks
- Share your monthly Cargo Chief Savings Report detailing your savings from market rates
- Our Cargo Locate™ service accurately tracks your PTL and TL loads via cellular tower triangulation which is not subject to dispatcher exaggerations about GPS units
- Easy to use, fewer billing disputes and you can book your next load online in a minute
