

CAWA Is Pleased to Announce a New Member Benefit --- Cargo Chief, a New Type of Freight Broker, The Kayak.com of Cargo

Dear CAWA Members,

I want to introduce you to an innovative and pioneering company, Cargo Chief. Cargo Chief helps its customers save money by finding empty backhauls for truckload and less than truckload shipments. A must resource if your company ships products via trucks!

As a summary, CAWA members that use Cargo Chief receive the following benefits:

- Kayak-like network gives your company unique savings, up to 40%, as well as saves your logistic team time
- Giant 800,000+ network of trucks enables them to make service to you when others cannot, a tremendous company resource
- 100% of your loads have a PDF Proof of Delivery so you know for sure delivery details including on-map tracking of all carriers for the delivery of your product
- Unlike others, Cargo Chief confirms insurance, authority and safety before every load
- Uniquely Cargo Chief aggregates LTL carrier performance, so you receive the service level you expect
- And they provide you with many more benefits

Dave Nosack, 951-208-7581 or dnosack@cargochief.com, is our point of contact for the CAWA relationship with Cargo Chief. Dave would welcome the chance to answer questions and give you more information about Cargo Chief. Please contact him directly so you and your logistics team can start saving time and money.

"Cargo Chief presented their technology forward solution to assist us with not only saving cost on our shipments... but by also saving us substantially on employee time by utilizing many of their service features." *Ron Aparicio, Motul USA Inc*

This endorsement is another example of CAWA examining ways to bring value to your membership and to save you time and money.

Sincerely,

Rodney Pierini
