CREATIVITY...COMMUNITY...COMMUNICATION

Welcome to C3!

C3 is a unique Anser Program dedicated to nurturing creativity, building confidence, connecting to and through our community and cultivating stewardship of our natural world. Each grade level is different logistically. Please read below to find out more about how the Early Childhood C3 works.

Early Childhood C3

In 1st and 2nd grade providing many experiences through the C3 program builds a foundation for confident creative thinkers. Children are placed in modules based in visual arts, performing arts, and community based curriculum (CBC).

C3 Mission: Why we do it!!

Connecting and learning through our Boise community provides students with many opportunities for growth. In C3 students are given the opportunity to directly connect with local organizations in many capacities. They learn about the roles, responsibilities and efforts of community members as well as their own. The involvement of parents gives opportunities to share interest and talents through volunteering and to participate in the learning experience of their child. Opportunities for service learning empowers students and parents.

Providing experiences and formal instruction in the disciplines of visual arts, dance, music and theatre is integral to development. Sensory, attentional, cognitive, emotional, and motor capacities are all systems that are nourished by the arts. It promotes self-esteem, motivation, aesthetic awareness, cultural exposure, creativity, and improved emotional expression, as well as social harmony and appreciation of diversity. We are working hard to create a unique program that works towards building a foundation in students for success.

Creativity is contagious, pass it on.

~Einstein

We cannot seek achievement for ourselves and forget about progress and prosperity for our community... Our ambitions must be broad enough to include the aspirations and needs of others, for their sakes and for our own.
