

Baylor is a cheerful and energetic 8-year-old who battled Leukemia 2 years ago and beat it. The family recently found out he relapsed and although he is undergoing treatment, a bone marrow transplant will be needed for Baylor to survive.

Since Baylor is mixed race (Japanese and German), he'll most likely need a donor who is also mixed race of Asian and Caucasian backgrounds.

Want more information about Baylor? Check out his Facebook page: facebook.com/amatchforbay

You have the power to save a life. Join. Give. Volunteer.

Join the registry.

Come join the registry at:

Faith United Methodist
July 13th, 12PM to 4PM
2115 West 182nd St
Torrance CA, 90504

Please sign up to be a life saving match for Baylor or the many other patients like him!

Requirements for joining: Be **18-44** years of age, be willing to donate to **any patient** in need and meet the **health guidelines**.

Please **give** what you can.

Every \$100 raised helps us add another member to the registry.
