

“MORE THAN THE SUM OF ITS PARTS” Lunch Presentation

Our new Basalt showroom will be hosting a continuing education Lunch and Learn for architects and we'll issue AIA credits for all those who attend.

Date: Thursday September 18, 2014

Time: 12:00pm-1:00pm

Location: SolarGlass
207 Basalt Center Circle
Basalt, CO 81621

Cost: Free

SolarGlass' newest showroom location, serving Aspen and the entire Roaring Forks Valley, is located in old town Basalt. Serving the Colorado market for over 33 years, with showrooms in Denver, Boulder, and Fort Collins, SolarGlass proudly offers Marvin Windows, Integrity Windows by Marvin, and TruStile doors. We combine best in class products, with unmatched expertise in high performance building envelopes. The Company also offers certified Installation Services in support of custom homebuilders, remodelers, commercial contractors, including multi-family replacement, and homeowners.

The Basalt showroom has the most extensive display of large door systems in Colorado, including Lift and Slides, Bi-Folds, Swinging, and Sliding systems. Rounding out the display offerings are Marvin and Integrity Windows, TruStile doors, door hardware, and Velux skylights. Our aim is to provide an experience center where homeowners, architects, designers, and contractors can explore and confirm product choices that will make dream projects come to life.

Jim Schultz, a window and door specialist with over 25 years' experience with premium products, lives and works in the Valley. Supporting Jim is one of the largest service and delivery staffs in the state, as well as in house installers and project superintendents.
