

App of the Month

My Play Home

This app is extremely interactive; Children can explore and use *everything* in the house. The characters cook, eat, sleep, shower, brush their teeth, and more. Want the room to be darker? Close the drapes! Want a change in music? Pop a different CD into the stereo! It provides great opportunities to talk about everyday routines and teach vocabulary. The creators of this app have also added a new app called “My Play Home Stores” which is also great for talking about vocabulary in the community.
