What is your favorite thing about your job?

The variety of things that I am involved with each day! Every day is different and I love that!

What is one thing you wish people knew about your profession?

That SLP's do so much more than just work on "r" and "l" sounds.

One fun fact about yourself:

I love to travel and explore new cities. One time, my husband and I were looking for a restroom in Bruges, Belgium and ended up wandering into, what we later realized was, a nursing home and almost got locked in!
