

Covered California Enrollment for 2015

Open enrollment for Covered California will begin November 15, 2014 and continue through February 15, 2015. Open enrollment is the next opportunity for all Californians to benefit from new insurance rules.

Covered California is aimed at uninsured Californians, but anyone who is eligible can sign up. No one can be denied coverage or penalized for a pre-existing condition. In addition, you could be eligible for federal subsidies to help pay premiums if your family qualifies for financial assistance.

Consumers can shop for healthcare coverage; find out if they are eligible for financial assistance; and find out how much a health plan will cost them. To enroll, please visit my [website](#) or call my district office at (650) 349-1900.
