

# Travel Safe and Smart this Winter

Below are transportation websites for commuting by car or transit.  
**Please travel safely!**

## [www.rtachicago.com](http://www.rtachicago.com)

The Regional Transportation Agency (RTA) provides a commuter trip planner to provide commuters with information on which buses or trains to take.

## [www.pacebus.com](http://www.pacebus.com) & [www.pacerideshare.com](http://www.pacerideshare.com)

Pace Suburban Bus provides route, schedule and fare information on suburban bus service. Information is also available for all of the Shuttle Bug routes that provide connecting service between Metra stations and area employers. **Bus Tracker** can provide commuters real time travel information on buses.

## [www.metrarail.com](http://www.metrarail.com)

Metra is one of the nation's premier commuter rail systems. Their web site provides information on fares, schedules, stations, connecting services and tickets. Take Metra commuter trains to access Shuttle Bug service and avoid winter driving hassles. With about a 98% on-time performance rating, Metra provides a reliable, safe, and economical alternative to driving. Get service updates via email and buy your ticket online with a credit card.

## [www.transitchicago.com](http://www.transitchicago.com)

The Chicago Transit Authority provides bus and 'L' service in Chicago and nearby suburbs. Their web site provides routes, schedules, fares and connections as well as information on Ventra Cards.

## [www.gettingaroundillinois.com](http://www.gettingaroundillinois.com)

Illinois Department of Transportation provides statewide motorist travel information and weather conditions.

## [www.511wi.com](http://www.511wi.com)

Wisconsin travel information

## [www.travelmidwest.com](http://www.travelmidwest.com)

Provides travel time information for expressways and tollways in the Chicago area as well as southeast Wisconsin and northeast Indiana.

## [www.lakecountypassage.com](http://www.lakecountypassage.com)

PASSAGE is an Intelligent Transportation System designed to provide motorists real time traffic congestion information due to crashes and construction events.
