General Jester Info: Our Jester Hospitality room and our Jester's Banquet room have absolutely amazing, breathtaking views of the rocky coastline and Pacific Ocean. You will literally be 40 feet from the Pacific while sitting in the hospitality room. There is no other Jester venue like this in North America! **Very limited number of rooms available.** We have committed to take the entire hotel for Jesters Only on Friday and Saturday, and **IT WILL SELL OUT QUICKLY!** A heated Jester's smoking tent is located right outside the main hospitality room and is right on the Pacific Ocean at Rockaway Beach (subject to wave conditions). **These views are absolutely incredible!**

The climate in Pacifica on the beach can be changeable. Packing warm, layered clothing is recommended as it can get cool due to the Pacific fog and winds, but it may just as easily be hot during the day. Jackets and windbreakers recommended. Swimming suit? Absolutely! Surfboard?? Some functions will be held outside of the Jesters only hotel and you will want to see and do many things. We highly suggest **NOT** wearing Jester clothing, paraphenalia or name badges outside of the Jester hotel environment.

What you see here. What you hear here. Shall stay here, when you leave here.
