

Caring for America's Heroes: Veterans Preparing for the End of Life

Thursday, Sept. 25, 2014

9:00 a.m. to 11:00 a.m.

Barnstable Senior Center, 825 Falmouth Road, Hyannis MA 02601

Presenters from HopeHealth:

Ellen McCabe, RN, CHPN, Director of Professional Education

Ann Geagan, MSW, LICSW, Director of Bereavement

Steve Morrissey, Veteran Volunteer

Knowing options for end-of-life care is as important as having a will. Veterans—especially those who have seen combat—often have factors that prevent them from seeking the support they need. This presentation will provide the latest information regarding subjects such as emotional issues and community resources, as well as comfort, camaraderie, and support. Information will be shared on how our region's veterans and their families can draw on help from the community to experience the best possible quality of life for the time they have.

The presentation is based on the principles of the We Honor Veterans (WHV) program. WHV is a partnership between the National Hospice and Palliative Care Organization and the Veterans Administration that provides veterans with comfort and support at the end of life.

A continental breakfast will be served. All are welcome. No charge, but as space is limited, pre-registration is suggested.

To register, visit HopeHealthCo.org/CaringforVets, email Info@HopeHealthCo.org or call (774) 487-3667

This presentation has been funded by the generosity of the Hospice Education Institute (HEI).

Presented by HopeHealth in collaboration with Elder Services of Cape Cod and the Islands, Hyannis Vet Center, and the Cape and Islands Veterans Outreach Center established by the Nam Vets Association.
