

# Every child deserves a toothbrush!

**Did you know that many children on Cape Cod don't have a toothbrush or have to share a toothbrush with family members?**

*In support of National Children's Dental Health Month, Harbor Community Health Center, Hyannis and Ellen Jones Community Dental Center Harwich are collecting children's toothbrushes for at-risk children.*

## **HOW YOU CAN HELP:**

**Sign up** to become a toothbrush collection site. Encourage employees and customers to donate! Any business or organization can take part. Call 508-778-5499 to register.

**Collect** new SOFT, individually wrapped *children's* toothbrushes.

**Drop off** at collection sites or at Harbor Community Health Center, Hyannis, 30 Elm Avenue at the Yarmouth Police Station or call us to pick up!

**Thank you for your support!**
