

Peer Employment Training

UMass Lowell Inn & Conference Center

August 11-15

and

August 18-22

Peer Employment Training is a 78 hour training curriculum that focuses on teaching those with a mental health diagnosis the skills to work with other peers in the community.

This training is an opportunity for people with psychiatric experiences to take charge of their own recovery and then give back to their community by helping other individuals do the same. The Peer Employment Training recognizes that there is no better person to inspire hope in an individual new to mental health recovery than someone who has “walked the same path” as that individual.

The class meets from 9:00-4:00 every weekday for 2 weeks. A light breakfast and lunch will be provided each day.

Participants must submit an application and be accepted into the class. Only 20 seats are available.

Requirements:

- Lived experience of a mental health or trauma diagnosis
- Desire to share that experience with others.
- Ability to commit to 2 weeks of training
- Successful application.
