

MITEL CORDLESS (DECT) ACCESSORIES

ADVANCED FEATURES FOR A VARIETY OF HIGH PRIORITY SCENARIOS

New accessories from Mitel® offer the freedom of cordless mobility and the feature richness of a desktop phone.

With the Mitel Cordless (DECT) Handset you're free to move around when on a call – and the Mitel Cordless (DECT) Headset gives you further hands-free convenience. No more missed calls when you step away from your desk to go to the printer or speak to a colleague a few desks away!

The Cordless (DECT) Headset is a key benefit for any office or home-based call center users. DECT-based, it can be used in high-density environments. Designed specifically for the Mitel MiVoice 5330, 5340, and 5360 IP Phones, many features have been integrated into the headset itself.

KEY FEATURES

FEATURES OF THE CORDLESS ACCESSORIES INCLUDE:

- Initiate call / end call key
- Volume control keys
- Mute key
- Built-in ringer in the Cordless (DECT) Handset

- Place outbound calls while mobile with programmable "Auto Speed Dial" upon off-hook
 - Speak@Ease or "0" or Secretary speed-call
- LED indicators on the Cordless (DECT) Module, Cordless (DECT) Handset, and Cordless (DECT) Headset indicate both connectivity and charging status
- Eight hours talk time
- Forty-three hours standby time
- Battery recharge time of three hours or less
- Operating range of up to 300 feet (100 meters) from the MiVoice 5330, 5340, and 5360 IP Phones
- Integrated functionality of the Cordless (DECT) Headset eliminates the need for a handset lifter
- Out of communications range warning tone
- Support for two cordless devices (Cordless (DECT) Handset and Cordless (DECT) Headset) per Cordless (DECT) Module
- Audible warning for low battery
- DECT-based design: Standard DECT and DECT 6.0 cordless technology provides higher quality voice transmission, density, and less interference compared to Bluetooth
