

# FORT LAUDERDALE CURRENTS

## FLAGLER VILLAGE - VISION, MISSION, ACTION

Submitted by Dylan Lagi, President, Flagler Village Civic Association

Throughout the community and city, the FVCA President has begun to work on establishing a set vision, mission, and action plan to correlate with what work is happening, and about to happen, in our neighborhood of Flagler Village. One very important piece to all of this is establishing the vision, mission, and action of Flagler Village. Equally important is that the FVCA establish committees to take part in the neighborhood work currently ongoing. Our President has completed an initial presentation explaining the vision, mission, and action plan and we kindly ask that you take some of your time to view the presentation at [www.youtube.com/watch?v=OpYW5ojxRNU](http://www.youtube.com/watch?v=OpYW5ojxRNU).

## New Interim Website

Additionally, a big part of the work ongoing in the neighborhood involves increasing the digital presence of Flagler Village. A new Flagler Village interim website has been designed and launched as part of the President's work. This interim site will improve and expand to, eventually, a full website that Flagler Village will then implement.

## Recent April 2014 FVCA Meeting Recap

### *New Meeting Space - FTL City Hall*

*100 N Andrews Ave, 8th Floor, Ft. Laud.,  
FL 33301*

Our FVCA April 2014 meeting took place on Wednesday, April 16, 2014 in the 8th Floor Conference Room of Fort Lauderdale City Hall. This was the first time our monthly FVCA meeting was held at this venue and it worked out very well. All upcoming meetings have been booked to be held in this same meeting space with free parking in both city hall parking lots (yay!).

We began the meeting with discussion about the vision of Flagler Village with an emphasis on the committees' role for the neighborhood (this

discussion and feedback led to the earlier noted video presentation). Our Creative Arts committee reported to the association and provided a nice recommendation. On the naming of all things "creative arts" that occurs in Flagler Village, it was recommended that the work be deemed the product of the Flagler Village Arts District.

*Guest Speaker - Valerie J. Amor,  
Public Artist*

*[Click here for Valerie's Public Artist Facebook Page](#)*

Our guest speaker Valerie Amor presented her multiple CRA-approved "A railroad runs through it" chalkboard-stylized projects that are currently being created and promoted for several cities. One of the Fort Lauderdale installation sites that this chalkboard creation will be installed in is Peter Feldman Park.

Valerie is looking for active feedback from our committees and members about her project so she can best comprise how the chalkboard and related work is to be done in the park. She will also be holding workshops with preliminary activity and information; with one in particular occurring on May 31, which will focus specifically on our installation.

The general vibe of the meeting was a good one and attending members expressed their interest and approval of continuing our efforts for the neighborhood in Flagler Village. Our regular meetings are the third Wednesday of every month at 7pm in City Hall. We hope to see you there!
