

Dear Potential Community Partner,

Aspire Relationship Center exists to intentionally demonstrate and share the life-changing message of healthy relationships & sexuality. We believe it is incumbent upon the adults around adolescents to equip them for healthy life choices & social norms. Aspire believes that with education, encouragement & support, the youth of our community will aspire to be who they are intended to be!

Aspire educates, empowers and supports young people with the skills necessary to make healthy decisions. It is our goal to change the culture of our community by increasing the well being of our youth, families & community as a whole. We plan to implement a community saturation approach by developing and delivering our programs in multiple settings ...promoting wrap around prevention services & messages to our youth. Aspire strives to help our community avoid risks associated with unhealthy relationships and early sexual debut, while to preventing the twin epidemics of teen pregnancy & sexually transmitted diseases.

The RIVER Project, Aspire's school based program facilitates 6 classes for all Citrus 9th grade students & age appropriate presentations for 6th-8th grade students at local middle schools. Aspire has reached over 6,000 students in the last 18 months! The RIVER Project is reaching and equipping Citrus County students to be intentional about choosing health and success in the face of the reality of being a teenager today

On Saturday, May 3, Aspire is hosting its 2nd Annual Walk & Roll-A-Thon at Bay Trail & Felburn Park. Community participants will be given the opportunity to Bike, Rollerblade, Run or Walk on a beautiful 2-10 mile long trail that leads to the Gulf – and all for a vital cause! This event is being held to support the work of Aspire, Inc., a local nonprofit 501(c)(3) organization that is fully supported by contributions of businesses & individuals in our community.

We need our entire community to engage & partner with us! Would you consider becoming a Community Partner by sponsoring this event? To further discuss this partnership, please contact me.
