

NPM – Grand Rapids
Mentoring Program

A program for persons in parish music leadership positions:

- ❖ Who are new in the field
- ❖ Who may have other music training, but have not previously been involved in church music
- ❖ Who are experienced church musicians who have not previously served in a Catholic parish
- ❖ Who, regardless of experiences, are simply struggling with certain issues related to their ministry

What this program offers:

- ❖ You will be partnered with a successful, experienced pastoral musician who will assist you, one on one, on your journey

How it works:

- ❖ You and your mentor will meet at a mutually convenient time and place to discuss the questions, and/or obstacles you are facing in your ministry
- ❖ Your mentor will offer information and advice based upon her/his years of experience and training
- ❖ Your mentor may suggest certain publications, events, organizations, contacts, that can assist you in your ministry
- ❖ And you may mutually agree to further meetings, or you may simply have acquired a connection with a person whom you can call or email when questions arise

It's confidential, there are no fees, and you need not be a current member of the chapter.
