

# International Club of Boston College

Hello from the International Club of BC! This semester marked the end of ICBC's 6th year of promoting diversity on campus. This April, we celebrated the annual World Fiesta, our biggest event of the spring. We had food, music, games, shopping, and dancing from the many culture clubs in the O'Neill Plaza to celebrate the many cultures at BC.

We had a huge turnout at our second general meeting, and in our social event Countries, Cupcakes and Cupid for Valentine's Day. Our Cultural Spotlight: Turkey marked the continuation of a series we had started last spring, which is now widely popular with our members hoping to immerse in a new culture. Meanwhile, we held another new event titled Culture Shock! to feature diversity of dance and desserts to the student body. Our E-Board was also hard at work at the SOFC and UGBC Volleyball Tournament.

As we end the semester, we are saying goodbye to a number of our graduating board members, but would like to welcome Rosemary Concepcion as our new President. It's been a great sixth year, and we look forward to many more ahead!
