

Volunteers Wanted for Stamford (CT) STEMfest

On May 16, 2015, the Stamford (CT) Public Schools, with support from the GE Foundation and Mill River Park Collaboration, will be hosting the second annual Stamford STEMfest. Located in Mill River Park in downtown Stamford, STEMfest will contain a variety of activities and displays centering around Science, Technology, Engineering, and Mathematics (STEM) for students and their parents. This event is free and open to the public.

The goals of the day are

- (1) to build awareness about STEM for students (and their parents),
- (2) to demonstrate to students how much fun these disciplines can be,
- (3) to show students how these disciplines are inherent in many of the things we do every day, and
- (4) to have students learn about the career and college opportunities in STEM.

The STEMfest team is looking for volunteers for the day. Volunteers could be those who have an expertise in Science, Technology, Engineering, or Math (STEM) to do an activity or those who want to help out at the event in another way. If interested, please contact Carrie Chiappetta at CChiappetta@StamfordCT.gov

The event will take place in Mill River Park in Stamford from 10am-4pm on Saturday, May 16, 2015 (rain date is Sunday, May 17th).

You can follow STEMfest and keep up with the latest news on Facebook (Stamford STEMfest) or on Twitter (@CTSTEMfest). A video of last year's event can be seen on YouTube at <https://www.youtube.com/watch?v=gHE2BLJ-ZPo>.
