"It is an excellent source of inspiration...
many different ideas all in one spot!"

Dear Fellow Card Maker:

Has this ever happened to you?

You are sitting at your crafting table, surrounded by all your lovely paper and embellishments, waiting for inspiration to strike. You start fussing around with potential designs, you go online to surf for some ideas, only to realize that hours have passed and you have nothing to show for it.

Don't you wish there was an easier way to come up with card making designs? Well, there is a better way: 101 Creative Card Sketches - the ultimate resource for card layouts and designs.

I wrote 101 Creative Card Sketches to take the guesswork out of greeting card layouts.

Discover how easy it is to create stunning handmade greeting cards based off of a simple card sketch. It was a cinch making these two completely different cards using the same card sketch.
