Enthone Shanghai Receives ISO 9001 Quality System Management Certification

The Enthone Shanghai Technical and Manufacturing Center received certification to the ISO 9001:2008 Quality Management System (QMS). BSI Management Inc. conducted the independent, third party certification and issued Certificate Number [FM 611444](#).

ISO 9001:2008 certification denotes that Enthone is compliant to the International Standards Organization (ISO) quality management system and has demonstrated its ability to consistently provide products that aim to enhance customer satisfaction. It is now the only standard in the ISO 9000 family against which third-party certification can be carried.

Mr. Bob Haskins, Senior Vice President and Regional Managing Director – Enthone Asia said, "This certification demonstrates our stringent commitment to quality and the accelerated delivery of products, innovative processes and services that consistently meet or exceed our customers' expectations."

The Enthone Shanghai Technical and Manufacturing Center encompasses over ten acres (42,000 sq. meters) and consists of a raw

material and finished goods warehouse, manufacturing building, and a technology centre. The campus is located at:

No.29, North Chuhua Road

Shanghai Chemical Industrial Park

Fengxian Sub-Zone, P.R. China

ISO 9001, ISO 14001 and OHSAS 18001 certificates for Enthone locations are available for download by visiting
