

Toby (aka Meryl Gray) In February of 2011 we were mourning the loss of our 13-year-old Persian cat. Even though I had no intention of getting another cat, I happened to come across the Orphans of the Storm website, and came across the brothers, Merle and Earl Gray, and was drawn to Merle. I visited Orphans and asked specifically for him. I spent some time with him and fell in love!

The day we brought Merle home was an exciting one! We changed his name to Toby, and what can I say ... I would be lost without him! He is definitely my cat, and he is so gentle and loving. He is very shy around new people though. Toby definitely helped heal my broken heart. He and my other cat, Sylvester, are buddies and love to play! Usually, it is Sylvester chasing Toby though. :)

It felt so good to adopt, and give a kitty that was in need a home. That was the first time we ever adopted a pet from the Orphans of the Storm. We would do it again in a heartbeat!! That's the only way to go!! Thank you, Orphans of the Storm! You helped us find the "PURRFECT" cat for our family and heal a broken heart!
